Agenda:

1. Executive Board Updates-

Membership- sent around list to group to see if any neighbor schools are on the list to see if we have any natural contacts.
172 total members, 35 PYP Members

Ideas for growth: How can we use virtual spaces to gather and still adhere to FLIBS guidelines and desires? Would we have the option to do a hybrid option for people who are unable to attend in person. We need to sell our collaborative nature. Communicate more effectively about upcoming topics and looking forward.

College Fair- Virtual college fair with links to apply and financial aid resources.

FLIBS- How can we connect and share our units of inquiry and collaborate more with others that are in our same programme. Brainstorm what are ways that we can have tangible things that we can share with one another with our FLIBS membership outside of our quarterlies.

Quarterly meeting that is a showcase of things to share... roundtable, ed-camp, science fair style... June or September?

DOE Updates-

- K-12 reading rule; strengthen reading plan;
- Assessment rule: delay in rigors cut scores for ELL

2. **Grant Committee Update-** People who received grants are supposed to present to our group and share what the grant allowed your campus to do with those additional resources.

3. **June Quarterly-**

Specialists: sprinkled throughout the 4 quarterlies so that we know which one would be when, and then see how it goes.

Lisa- PE

Shana- Music and Julie from Lincoln Ave Academy

STEM/Library- Dundee

Collaborative Planning be the topic of conversation for June-

September- Bootcamp? Do we offer something else for Coordinators? Inquiry Strategies, PD Planning,

December- Heads and Coordinators- Evaluation Process having a session about that.

February- to be planned with what the large group continuum speaker the board chooses

4. **Other business**

- February workshop for this year was cancelled- it has been postponed to next February '23. FLIBS goal is to have incredible PD that is not necessarily filled by the IB that you can take and use on your campus.
- Reflection from Coordinators and HOS- May timeline for PYP is awful with state testing. 2 PYP workshops in the fall are coming- they are listed on the website.
- If we offer PD on the Coordinator Meeting could it help get people here? Can we advertise what we plan to discuss and then market it? Could you do the Coordinator and Principal meetings and conversations on the first day? A more focused open discussion and separate by role for conversations or PD.
- Showcase schedule- sign up on Padlet
